What is innovation?

The dictionary  
defines it as

"renewal through  
the use of new  
processes and

technologies." In  
advertising,  
everything is an  
innovation. But  
what is truly  
innovative? Since  
1930, the  
Pininfarina design  
firm of Turin, Italy,  
has been  
answering that  
question. This is  
where the Cistalia  
202 was

developed, the first vehicle to be added to MoMA's permanent collection. The list goes on: the interior of the new stadium for Juventus Turin, the Nash Healey Spider seen in Billy Wilder's Sabrina, and the legendary Ferrari Dino 246

Testarossa.

However,

Pininfarina is not resting on its laurels, but blasting full speed ahead into the future with an expanded portfolio while honoring its heritage. Whether it's a solution for sustainable
