Paint markers work well even on
dirty, rusty, wet, and oily surfaces.
They leave textured marks you
can feel with your hand. Ink
markers work best on a clean, dry

surface. Marks dry faster than paint and are smooth to the touch. Both paint and ink markers are permanent.

I loved the idea of the dot daubers.
I am also worried about the water
bottles being to thin that the
students would squeeze to hard

and would be wearing the paint. I am going to check out the travel section in the Dollar Store and see if they have small travel size bottles that would be a little sturdier.
