Microeconomics continues to provide a detailed understanding of the foundations of microeconomics. While it provides a solid foundation for economic analysis, it also lucidly explains the mathematical derivations of various microeconomic concepts. This textbook would be extremely useful for the students of economics.

This most popular and proven text takes a further lead with this revision by aligning its contents with the prescribed UGC model curriculum and new Choice Based Credit System (CBCS) syllabus. The book provides carefully tailored content for undergraduate courses in economics across a range of academic disciplines.

This advanced economics text bridges the
