A collection intended for students, presenting primary sources (some of them excerpts, and some of them translated) and study questions designed to stimulate discussion. Vol. II deals with the period of the 17th century to the present. Ch. 9 (pp. 392-436), "The Jewish Holocaust", contains excerpts from documents (e.g. German official documents, Nazi leaders' speeches, eyewitness accounts and memoirs, and Nuremberg Trial documents) pertaining to Nazi anti-Jewish policies, the Nazi genocide of the Jews, Jewish resistance, and postwar trials against those responsible for the mass murders.

Aspects of Western Civilizationchallenges students with basic questions regarding historical development, human nature, moral action, and practical necessity. This collection of diverse primary sources incorporates a wide variety of issues and is organized around seven major themes, including Revolution and Historical Transition, Imperialism, Social and Spiritual Values, the Varieties of Truth, the Institution and the Individual, the Power Structure, and Women in History.

The second in a two-volume chronologically arranged compilation of primary and some secondary sources in Western Civilization. Organized around eight major themes to provide direction and cohesion to the book while allowing for originality of thought in both written and oral analysis. Readers are presented with basic questions regarding historical development, human nature, moral action and practical necessity while incorporating a wide variety of political, social, economic, religious, intellectual and scientific issues. The readings present history as a vehicle for better understanding in the present rather than a stagnant observation of past societies. The volume addresses the Age of Absolutism through the contemporary world including foundations of the modern world, the era of revolution and the age of anxiety. For those interested in an analysis of fundamental historical questions and concerns.

0C-0-0-13-083203-0, Rogers, Perry M., Aspects of Western Civilization, Vol. II, 4/E/ = A two-volume chronologically arranged compilation of primary and some secondary sources in Western Civilization organized around eight major themes. The book presents readers with basic questions regarding historical development, human nature, moral action and practical necessity while incorporating a wide variety of political, social, economic, religious, intellectual and scientific issues in an effort to present history as a vehicle for better understanding in the present rather than a stagnant observation of past societies. Earliest Civilizations, The Greek, Roman and Medieval Worlds, Transitions to the Modern World, Foundations of the Modern World, The Era of Revolution, and the Twentieth Century. For anyone interested in western civilization especially historians.

First published in 1999, this volume represents Kit-Man Li ' s attempt to wrestle with the complicated issues and ideas drawn from Habermas ' theory of communicative action, Weber ' s studies of western civilization and Elias ' insights on sociological theory. Li examines Weber, Habermas and Elias in turn in order to refine our understanding of modern Western civilization.

Western civilization and world history are often seen as different, or even mutually exclusive, routes into historical studies. This volume shows that they can be successfully linked, providing a tool to see each subject in the context of the other, identifying influences and connections. Western Civilization in World History takes up the recent debates about the merits of the well-established 'Western civ' approach versus the newer field of world history. Peter N. Stearns outlines key aspects of Western civilization - often assumed rather than analyzed - and reviews them in a global context.

This two-volume compilation of primary sources in world civilization is based around eight major themes to provide direction and cohesion to the text. Designed to involve students with important historical questions and controversies, the text promotes thoughtful comparisons between world societies that are linked to common problems, events or themes within the same time period and across chronological divisions. Broad in scope, the text incorporates a wide variety of political, social, economic, religious, intellectual and scientific issues, and is designed to help students consider historical questions and concerns.

Best-selling author Jackson Spielvogel has helped over one million students learn about the present by exploring the past. Spielvogel's engaging narrative weaves the political, economic, social, religious, intellectual, cultural, and military aspects of history into a gripping story that is as memorable as it is instructive. Updated to reflect current scholarship, WESTERN CIVILIZATION, 10th Edition, includes more than 150 maps and excerpts of more than 250 primary sources that enliven the past while introducing students to the source material of historical scholarship. Additionally, the text is illustrated with more than 400 photographs that add visual context. A variety of pedagogical tools, including focus and critical thinking questions, primary source features with assignable questions, and end-of-chapter study aids, make this edition accessible to any learning style.
