Ben Dolnick's At the Bottom of Everything is a book about finding yourself in the midst of trying to help someone else, and how much our lives can turn on just one single incident. I really enjoyed the beginning of this book as Adam reflected on both his current situation and reminisced about his friendship with Thomas, but I felt as if once he went to India, the book lost its focus. A great ...

At The Bottom Of Everything Lyrics

And then, finally we "get down there, way down to the very bottom of everything" and realise that our life is pointless. So we're happy we found it, but sad because we realise it was all a waste of time. That what I think, anyways. I love this song though. It's so depressingly beautiful. clay1234on February 20, 2008 Link. No Replies Log in to reply +3. My InterpretationI just re-listened the ...

At the Bottom of Everything is a short novel, but The hook is that Adam and Thomas, who had been best friends in school, are changed by an event. This event causes Adam to retreat from Thomas for ten years, until he is pulled back into Thomas's life by a plea from his parents.

"A stunning novel of friendship, guilt, and madness: two friends, torn apart by a terrible secret, and the dark adventure that neither of them ever meant to embark upon. It's been ten years since the 'incident, ' and Adam has long decided he's better off without his former best friend, Thomas. Adam is working as a tutor, sleeping with the mother of a student, spending lonely nights looking up his ex-girlfriend on Facebook, and pretending that he has some more meaningful plan for an adult life. But when he receives an email from Thomas's mother begging for his help, he finds himself drawn back into his old friend's world, and to the past he's tried so desperately to forget. As Adam embarks upon a magnificently strange and unlikely journey, Ben Dolnick unspools a tale of spiritual reckoning, of search and escape, of longing and reaching for redemption--a tale of near hallucinatory power"--Publisher's web site.

Dealing with the secret pain in the lives of many "good Christian" men. In a continuation of Confessions of a Good Christian Girl, Tammy Maltby is back with coauthor Tom Davis to get specific about the brokenness and pain

in the lives of good Christian men. This isn't a lurid expose but an honest and courageous look at the secrets most often lurking behind "victorious" Christian facades. Chapters include: I've got a dirty mind I'm a self-made man I want more stuff I need my dad I love booze I don't like to feel I'm so ticked off I want to give up In addition to the transparent stories and insight from Davis, Matlby concludes each chapter with reflections for those who care—practical insight for individuals walking beside a man struggling with these issues.

Includes the plays *Smithereens*, *Strange Orchestra*, *Before The Party* and *The Old Ladies* With an Introduction by Michael Hastings. No other major British playwright of the last 50 years has undergone such a radical reappraisal as Rodney Ackland. Interest in his work renewed in the 1990s, starting at the Orange Tree Theatre, Richmond, with further revivals at many theatres, including the Chichester Festival Theatre and the Royal National Theatre. In *Plays Two*, we are reminded once again of Ackland's unique and dangerous gift.

Beginning with *Lost Highway*, director David Lynch “swerved” in a new direction, one in which very disorienting images of the physical world take center stage in his films. Seeking to understand this unusual emphasis in his work, noted Lynch scholar Martha Nochimson engaged Lynch in a long conversation of unprecedented openness, during which he shared his vision of the physical world as an uncertain place that masks important universal realities. He described how he derives this vision from the Holy Vedas of the Hindu religion, as well as from his layman’s fascination with modern physics. With this deep insight, Nochimson forges a startlingly original template for analyzing Lynch’s later films—the seemingly unlikely combination of the spiritual landscape envisioned in the Holy Vedas and the material landscape evoked by quantum mechanics and relativity. In *David Lynch Swerves*, Nochimson navigates the complexities of *Lost Highway*, *The Straight Story*, *Mulholland Drive*, and *Inland Empire* with uncanny skill, shedding light on the beauty of their organic compositions; their thematic critiques of the immense dangers of modern materialism; and their hopeful conceptions of human potential. She concludes with excerpts from the wide-ranging interview in which Lynch discussed his vision with her, as well as an interview with Columbia University physicist David Albert, who was one of Nochimson’s principal tutors in the discipline of quantum physics.
