Synopsis. British Imperialism A two volume survey which provides the most comprehensive and radical survey of the subject. Presents a new interpretation of the forces behind British imperial expansion. Volume One establishes the concept of 'gentlemanly capitalism', examines the growth of empire and many of its controversial episodes, including the partition of Africa, and concludes -- against conventional wisdom -- that Britain was still a dynamic imperial power on the eve of World War I.

The theory posits that British imperialism was driven by the
business interests of the City of London and landed interests. It
encourages a shift of emphasis, away from seeing provincial
manufacturers and geopolitical strategy as important influences, and
towards seeing the expansion of empire as emanating from London
and the financial sector.

Gentlemanly capitalism - Wikipedia

It is here that Magee and Thompson draw on a further recent innovation in imperial historiography, namely the concept of the "British World". The term has its origins in a series of conferences from 2002⁷ devoted to the peculiar qualities and shared characteristics of British settler colonies in their commercial, cultural and political experience of empire and "Britishness" in the 19th and 20th centuries.
