Your eGuidePLUS resources include: an electronic version of the Teacher Guide Testmaker questions sample risk assessments other support material for investigations on the internet Click to view Core Science Stage 5 eGuidePLUS.

This is the first book to address moral reasoning and socioscientific discourse. It provides a theoretical framework to reconsider what a "functional view" of scientific literacy entails, by examining how nature of science issues, classroom discourse issues, cultural issues, and science-technology-society-environment case-based issues contribute to habits of mind about socioscientific content. The text covers philosophical, psychological and pedagogical considerations underpinning moral reasoning, as well as the status of socioscientific issues in science education.

Cambridge Primary Science is a flexible, engaging course written specifically for the Cambridge Primary Science curriculum framework. This Activity Book for Stage 5 contains exercises to support each topic in the Learner's Book, which may be completed in class or set as homework. Exercises are designed to consolidate understanding, develop application of knowledge in new situations, and develop Scientific Enquiry skills. There is also an exercise to practise the core vocabulary from each unit.

This workbook offers accessible practice to help manage GCSE Science revision and prepare for the exam efficiently. The content is broken into manageable sections and advice is given to help build confidence. Tips and techniques provide support throughout the revision process.
