Every Day is a Holiday is a quirky book where the author celebrates the random holidays that make up the year... like Bubble-Wrap Day and International Sauntering Day. It is written in the style of a daily journal, which makes the reading a bit disjointed which I found really fun as I read it during my small down times.

National and international funny and wacky holidays and fun celebrations for every day of the year. When is World Lazy Day or Talk Like a Pirate Day?

...laugh out loud moments on nearly every page... ...had me laughing from beginning to end... ...loved the book - funny and engaging... ...read it, love it, recommend it... George Mahood had a nice, easy, comfortable life. He had a job, a house, a wife and kids. But something was missing. He was stuck in a routine of working, changing nappies and cleaning up cat sick. He felt like he was missing out on a lot of what the world had to offer. He then discovered that it was Bubble Wrap Appreciation Day. The day after that was National Curmudgeon Day, and the day after that was Inane Answering Machine Message Day. In fact, the calendar is FULL of these quirky, weird and wonderful events. He realised that somebody somewhere had created these holidays, believing that they were important enough to warrant their own official day. Surely he should therefore be more appreciative of their existence? So he decided to try and celebrate them all. As you do. He hoped that at the end of the challenge he would be transformed into a happier, more intelligent and more content person. Follow George on his hilarious, life changing adventure as he tries to balance his normal life with a wealth of new experiences, people, facts and ridiculous situations. It's a rip-roaring, life-affirming, roller-coaster of a ride, where every day is a holiday.

With this resource in hand, teachers and parents will never be without an activity to make the day unique and educational for their children.

From Emmy Award winning, world-famous magician Penn Jillette comes an irreverent, hilarious, and provocative book of essays the perfect gift for the skeptic in your life. Let's be honest nobody has more fun than atheists. Don't believe it? Well, consider this: For non-believers, every day you're alive is a day to celebrate! And no one celebrates life to the fullest like Penn Jillette, the larger, louder half of legendary magic duo Penn & Teller, whose spectacularly witty and sharply observant essays in Every Day Is an Atheist Holiday! will entertain zealots and skeptics alike. Whether he's contemplating the possibility of life after death, deconstructing popular Christmas carols, or just calling bullsh*t on Donald Trump, Jillette does not fail to shock and delight his readers. And as ever, underneath these rollicking rants lie a deeply personal philosophy and a generous spirit, which find joy and meaning in family, and peace in the simple beauty of the everyday. Every Day Is an Atheist Holiday! is a hysterical affirmation of life's magic from one of the most distinctly perceptive and provocative humorists writing today.

Marines jokingly say that "every day is a holiday, and every meal is a feast" in the Corps, but we all know there is more to it than that. And no, I don't mean "every formation is a parade, and every paycheck is a fortune!" Being a Marine is a tough, but rewarding, way of life, and this fourth installment in the "Sea Stories" series takes a look at a lot of those times - along with a liberal dose of knuckleheads and common sense. If you liked the first three, you'll like this one too!

Celebrate Today is a guided journal that provides a reason to revel every day of the year. It is inspired by the National Day Calendar, a compilation of appreciation days for everything from pizza to popsicles. Beginning in January and ending in December, each page is dedicated to trying something new, enjoying the little things, and feeling a sense of accomplishment by marking the passage of time in a journal. For example, March 5 is "Learn What Your Name Means Day," so do a little research into your moniker and then write an acrostic poem based on its letters. Some days involve performing good deeds, others require eating a donut, and a few recommend a little soul searching. Illustrated by Hello!Lucky, a trendsetting design studio, the entire Celebrate Today collection includes a dot-gridded journal, a paperback notebook, and a book of stickers designed for decorating a planner.
