8N Ford Tractor for sale in UK | 59 used 8N Ford Tractors

The Ford N-series tractors were a line of farm tractors produced by Ford between 1939 and 1952, spanning the 9N, 2N, and 8N models. The 9N was the first American-made production-model tractor to incorporate Harry Ferguson's three-point hitch system, a design still used on most modern tractors today. It was released in October 1939. The 2N, introduced in 1942, was the 9N with some improved details. The 8N, which debuted in July 1947, was a largely new machine featuring more power and an improved

By all accounts the Ford Red sold by New Holland dealers is too orange for the 8N tractors. It may be correct for the '01 series tractors that started around 1957. The New Holland "Ford Blue" is certainly not the same color used on the older Ford tractors. I prefer to use readily available standard paint colors that come reasonably close.

Painting Tips for Old Tractors

This 1949 Ford 8N is no longer fitted with a familiar fN-series four cylinder, instead sporting a modified flathead V8. Said to be good for a mind-bending and tooth-rattling 55 miles per hour, this up-engined tractor may be one of the most potentially terrifying vehicles we've ever featured.

About Ford 8N, 9N, 2N Tractors. The Ford 9N, produced from 1939 to 1941 and the first of the "N Series" tractors, was born complete with the first three-point hitch in 1939. It was developed as a versatile all-purpose tractor for the small farm and was exceedingly popular. It went through subtle changes almost every year of production.
