Globalization and Its Discontents is a book published in 2002 by the 2001 Nobel laureate Joseph E. Stiglitz. The book draws on Stiglitz's personal experience as chairman of the Council of Economic Advisers under Bill Clinton from 1993 and chief economist at the World Bank from 1997.

Globalization and Its Discontents - Wikipedia
'Globalization and Its Discontents' is a worthwhile, informative if on occasion somewhat frustrating read on occasion. Stiglitz makes a strong case for arguing that the IMF and perhaps to a lesser extent, the World Bank are heavily flawed institutions. This is because they are seen as agents of Western or more specifically American financial interests. Markets need to be open for trade and ...

Globalization and Its Discontents: Amazon.co.uk: Stiglitz ...
From Nobel laureate Joseph Stiglitz, Globalization and its Discontents is the bestselling exposé of the all-powerful organizations that control our lives. Joseph Stiglitz's landmark book lifted the lid on how globalization was hurting those it was meant to help. Many of its predictions came true, and it became a touchstone in the debate.

Globalization and Its Discontents | Joseph E Stiglitz | W ...
Globalization has been driven by modern technology, from jet planes and satellites to the Internet, as well as by policies that opened up markets to trade and investment. Both stability and instability have promoted it, the former by enabling business and tourism, and the latter by fueling flows of migrants and refugees.

Deglobalization and Its Discontents by Richard Haass ...
Globalization has become a target. Its dangers must be navigated successfully or the United States and others may be compelled to backtrack, diminishing the free movement of goods, services, and capital, which would result in slower growth, less technological innovation, and lower living standards.
