Despite growing pains in her 1846 Amish community in

When a couple shows up claiming to be Davey's true family, Naomi and Cap must unite to make the decision that will determine the boy's future as well as

Embodied Hope explores
implications of an embodied

theology of hope for
preachers' ability to
nurture imaginative
abundance and purposeful
hope-filled action in the
most chaotic of times.

Embodied hope is grounded in
a theological anthropology

Get Free Gods

that foregrounds humanity's inherent identity as imago Dei and capacity to live as a nondistorting

nondestructive reflection of God's presence in the earth. The conceptual metaphor embodied Hope represents

that journey in creates within
each of us yearning for
wholeness and well-being,
the always-speaking voice of
God's Spirit assuring us of
God's power, faithfulness,
and redemptive presence and
calling us toward loving,

journey, and restorative action in our world today. Humans possess the capacity to imagine and live toward a qualitatively better state of existence for all creation, but overwhelmed by the despairing realities of

life, we often feel despondent and drained of imaginative potential. Preaching amplifies the voice of Hope, bearing witness and inviting us to imagine the possibility and efficacy of a new reality

grounded in Jesus's gospel proclamation. Embodied Hope invites us to stand at the intersection of Hope and despair as we explore the contours and possibilities of living with Hope in times such as the present.

Grace for Daily Living

Theologian Fr. Robert Hater
explores the manifold ways
sacraments work as gateways

that lead us to encounters with God. All creation is sacramental because it is the gateway that reveals God's presence in the universe. Jesus described Himself as the gate to salvation and eternal life.

His Church is the gateway to the kingdom of God, and the sacraments are the seven gateways to life-giving grace. Gateways to God explores the nature and meaning of sacraments. Using Scripture, history, and

Leaders in congregations and Christian organizations wrestle with an unraveling of the world in which they have little experience and training. While they are

offered unending resources
by experts on leadership,
some with claims to biblical
blueprints, the challenges
seem mismatched to those
methods. Branson and
Roxburgh frame the situation
as one in which "modernity's

wager"—the conviction that God is not necessary for life and wisdom and meaning—has defined the Western imagination. Because churches and leaders are colonized by this ethos, even when God is named and

beliefs are claimed,
approaches to leadership are
blind to God's agency.

Branson and Roxburgh

approach this challenge as a
work in practical theology,
attending to our cultural
context, narratives of God's

disruptive initiatives in Scripture, and a reshaping of leadership theories with a priority on God's agency. With years of experience as teachers, consultants, and guides, they name practices which lead to more faithful
