One of the great Renaissance playwrights, Middleton wrote tragedies essentially different from either Marlowe's or Shakespeare's, being wittier than the former and more grittily ironic than the latter. The genre of 'citizen tragedy' came into its own in the eighteenth century, but Middleton can claim to have created it: Bianca, wife of a middling commercial agent, arouses the lust of the Duke of Florence and becomes his mistress, first secretly, then openly and finally, after her husband has been seduced by the scheming Lady Livia and stabbed by Livia's brother, the Duke's wife. Livia plots her revenge, and the play ends with a banquet and a masque that are a triumph of black farce. Middleton's powerful, psychologically complex female characters and his clear-sighted analysis of misogyny are bound to impress today's audiences, but it is the pervasive irony - cynicism, even - with which he dissects the motivations of both oppressor and victim that makes him so eerily modern.

Imprisonment. Betrayal. Lost love. Murder. What more must a princess endure? Elizabeth Tudor's teenage and young adult years during the turbulent reigns of Edward and then Mary Tudor are hardly those of a fairy-tale princess. Her mother has been beheaded by Elizabeth's own father, Henry VIII; her jealous half sister, Mary, has her locked away in the Tower of London; and her only love interest betrays her in his own quest for the throne. Told in the voice of the young Elizabeth and ending when she is crowned queen, this second novel in the exciting series explores the relationship between two sisters who became mortal enemies. Carolyn Meyer has written an intriguing historical tale that reveals the deep-seated rivalry between a determined girl who became one of England's most powerful monarchs and the sister who tried everything to stop her.
