That's why I'm here. This old boy stood up in the isle. Said he'd been livin' a life of denial. Then he cried, as he talked about wasted years. I couldn't believe what I heard. It was my life word for word. And all of the sudden, it was clear. It's the simple things in life. Like the kids at home and a lovin' wife.

Chris Spielman was a high school and Ohio State football legend and a four-time Pro Bowl linebacker, but he didn't tackle his toughest opponent until his playing career was almost over. In 1998 his wife Stefanie was diagnosed with breast cancer, and so began an 11-year journey that brought joy and suffering to the Spielmans, as well as hope and inspiration to thousands of others. In *That's Why I'm Here*, Spielman traces his storied career, recalls his courtship of Stefanie Belcher, cherishes the growth of their four children and invokes the deep spiritual faith that gave their family wisdom and comfort in times of struggle. Though there are plenty of on-the-field tales in the book, it's not just for football fans. It's for people whose lives have been touched by cancer, for people whose own faith has wavered, for people who want to meet a woman of tremendous beauty, grace and strength. Though Stefanie passed away on Nov. 19, 2009, her memory and inspiration live on. With laughter and tears, joy and heartbreak, this book lets you know her spirit is still here.

In this touching and cheeky before-and-after story for fans of Matthew Cordell's *Wish*, a child describes what his parents' lives were like before he was born...and how much more fun they have now that he's finally here! Before he was born, Mom and Dad dreamed of their new baby. Back then life was boring. All they did on weekends was sleep in; have quiet, peaceful (dull) breakfasts; and read lots of (boring) baby books. But now, life is an adventure. Their new child makes for an excellent alarm clock, knows that sofa cushions are better used in a pillow fort, and shows how a detour through the park can make the morning commute magical. Best of all, now the whole family reads fun books...together. In this playfully sweet picture book, perfect as a baby shower gift, Aaron Meshon captures the eagerness of expecting parents--and all of the chaotic, messy, wonderful joy a new child brings.

So many people accept salvation only to later walk away from God. Trials and tests are going to come, but when they do will you draw near or will you walk away? Will you start the voyage only to jump ship and try to swim back to shore hoping you make it without drowning or being devoured by sharks? This book will give examples and biblical principles that will help you stay afloat with the storms come.

"When street smart graffiti artist, Danny, is jolted into a parallel world, only Eevee, an alluring science geek has the know-how to get him home, but as he falls for her, his motives grow foggy"--

McKnight helps you examine God's Word in order to discover what awaits you on the other side of the grave and find answers to the most frequently asked questions regarding heaven.

The Gist This book is for all human beings who would like eternal life in Gods kingdom Heaven. I open up lost peoples eyes to the glory of God. Im showing you people light. Jesus Christ is the Sun that is our Kingdom. We are stars trapped in an ocean of Gods our outer space thats water up there. I am going to crack the seven seas because that water is too salty that is our fountain of youth. The salt comes from sinning and the selling of my mother earth. We all need to stop selling mother earth that is God you are selling. You all will now put up your JPS Industtreez banner if you want your home to stay standing. This is my third day, Sunday! Yes we are stuck on a Sunday. You fools who still chose to count time and money your days are numbered. This is Judgement Day. It is now time for Satan and his demons to pay.

A true account of one woman's conversations with Christ reveals a personal relationship with Jesus. In a small, simple chapel during the celebration of the Eucharist, Jesus revealed his presence to Nicole Gausseron and began speaking to her. The first in a series of three books, Gausseron documents her conversations with Christ. Nicole Gausseron is not a visionary. She was born to a prosperous French family and was educated to be a professor. Translated from French, this volume is a record of Gausseron's first encounter with Christ and many others, kept daily in her "petit cahier"--her little notebook. Devoid of the reverential tone often found in works of piety, Gausseron's journals read more like Gospel accounts of Jesus' ministry, episodic, terse, and objective. The value of the notebooks lies in their cogent reminder that Jesus lives and seeks a personal relationship with those who believe in him.

Can you think of anyone or any living thing for that matter that could have asked to have been born or created onto this Earth? Do you know anyone who could have chosen their skin color, ethnicity, gender or race? Some people say when we're born we're born with a clean slate. Can you say this is true in the eyes of today's society? With this country (USA) and the world being so divided on so many issues, how is it that we all seem to easily forget that we're all only just human beings? We're born, we live and then we all going to die one day, so why are we so divided by separatisms if we're all just one human family? Are our financial and class statuses, religions, political affiliations, ideologies, races and cultures above and beyond what our Creators intended for us all? Oh what a tangled web we weave to leave behind for our youth!! I Didn't Ask To Be Born... But Now That I'm Here... is a "thought provoker" written to discuss a wide range of topics relating to human perceptions and how it can be used as a "tool" or "deterrent" towards how we deal with others who may look, think and act differently, but are a part of the same species (human). See how easily changing your thinking and life can be if you chose to do so. If it is true how some may say we are what we eat, then I'm guessing the same can be said that we are also what we think and do?

): This eBook follows John Grober a Lieutenant in the SAPS with a murky past. When Craig Cooper and Walker Hayes met, Walker was an alcoholic atheist reeling from the backlash of a failed music career. Through their unlikely friendship, Craig's life demonstrated the love of Christ in a way that shattered Walker's misconceptions of Christianity, ultimately leading him down the path to a dramatic conversion. The two are now close as brothers, choosing to be next-door neighbors and ripped out the fence between their homes as a testament to the power of the gospel to break down barriers and unite people together in Christ. *Glad You're Here* helps us discover how building relationships, sacrificing for the good of others, and drawing near in times of need can lead to powerful transformation. Through story and biblical reflections, *Glad You're Here* helps readers see how God works in the everyday lives of those who love him.
