Momentous events since September 11, 2001-Operation Enduring Freedom, the global war on terrorism, and the war in Iraq-have dramatically altered the political environment of the Muslim world. Many of the forces influencing this environment, however, are the products of trends that have been at work for many decades. This book examines the major dynamics that drive changes in the religio-political landscape of the Muslim world-a vast and diverse region that stretches from Western Africa through the Middle East to the Southern Philippines and includes Muslim communities and diasporas throughout the world-and draws the implications of these trends for global security and U.S. and Western interests. It presents a typology of ideological tendencies in the different regions of the Muslim world and identifies the factors that produce religious extremism and violence. It assesses key cleavages along sectarian, ethnic, regional, and national lines and examines how those cleavages generate challenges and opportunities for the United States. Finally, the authors identify possible strategies and political and military options for the United States to pursue in response to changing conditions in this critical and volatile part of the world.

In 1949 the author's mother, unable to care for him, left him at a Brooklyn orphanage, and for the next three years he lived in institutions and foster homes. Finally he found caring people.

Since the Arab Spring, conflict in the Middle East and North Africa (MENA) has rapidly intensified. The drivers of these conflicts are still present and could spark future violence. This report looks at the vulnerability of MENA states to future conflict, and how this may impact Europe. We look at the four types of vulnerability

Most people spend their lives trying to escape some kind of cage. Rollie Peterkin left behind conventional success and stepped into one. When his college wrestling career ended in heartbreak, Rollie fell short of his dream of standing on the national podium. After graduating with an Ivy League degree, he tried to take solace in the lucrative Wall Street job offer that awaited him. He vigorously launched himself into his new career as a bond trader and grew accustomed to fancy dinners, expense accounts, late nights, and early mornings. Rollie was achieving all of his goals, but began to feel like something was missing. During a trip to Peru, a chance encounter with a legendary cage fighter would inspire him to question the well-worn path to success he had always known. Soon after, Rollie plotted his escape and ultimately left behind the life of luxury to pursue a savage dream. Along the way he faced life changing obstacles that he never could have foreseen in his wildest dreams. From yuppie Manhattanite to blood-soaked warrior in South America, The Cage traces Rollie's fight for meaning, substance, and true value.

China's richest businessman, Ju-Long Lew, can afford anything in the world. But he only wants things that are beyond his grasp, namely beautiful women. Thousands of miles away, Jessi Miller, a TV anchorwoman, seems to have everything: success, money and good looks. But she doesn't have someone to

love. Jessi travels to China with the hope that she'll find a baby to adopt and call her own. She knows that with a little one in her life, she won't feel so empty and that happiness will finally be hers. But shortly after arriving in China, Jessi disappears. Her friends and family don't know what happened, but they know who to turn to for help. Heath Rosary, a former Secret Service agent turned private investigator, travels to China to find the truth. As he tries to track down Jessi, Rosary faces one obstacle after another, as he attempts to find answers in an exotic land where people are secretive and speak a language he doesn't understand. Join Rosary in *Black Dragon* as he tries to solve a case that leads him thousands of miles away, in directions he never would have believed possible.
